

IVAN GURKOV

EDUCATION

Saint Petersburg State University

2018–2022

ScB with honors, Cognitive Sciences

GPA: 4.77

I got my Bachelor degree at the Liberal Arts and Sciences faculty of SPbU. My study programme allowed me to explore a broad panoply of courses and scientific fields before I settled on the track of “Cognitive Sciences”. For my thesis I studied the psycholinguistic effects of Russian orthography

Bachelor's Thesis: Influence of Spelling Error Frequency and Orthogram Type on Word Processing

Saint Petersburg State University

2022–2024

ScM with honors, Artificial Intelligence in Speech Technologies

GPA: 5.00

For my Master's studies I transferred to the Phonetics department of SPbU to explore the use of Machine Learning and Artificial Intelligence in the processing of language and speech. The programme was math and programming heavy, and for my thesis I engineered a speech dataset labelled for emotions and fine-tuned BERT to paraphrase emotionally-heavy phrases in a neutral tone

Master's Thesis: Automatic Detection and Paraphrasing of Emotion Markers in Text and Speech

TEACHING

Higher School of Economics

Sep. – Dec. 2024

- Taught courses «Speech Technologies» and «Introduction to Computer Science» as a visiting lecturer at the HSE University

WORK

Speech Drive

Mar. 2024 – now

- Main Engineer for the Text-to-Speech service and Emotion Recognition engine, one of the developers of the Automatic Speech Recognition module
